

Sudhir Kushwaha

Frontend React & NextJs Developer

✉ sudhirkushwaha077@gmail.com ☎ 9560592677 📍 Mumbai, India 🔗 LinkedIn 🐙 Github 🏠 GitLab

Profile

Frontend Developer with **3.8+ years of experience** building scalable, high-performance web applications using **React.js** and **Next.js**.

Specialized in **SSR/SSG, performance optimization, and reusable component architecture**. Delivered multiple production-grade applications across OTT, e-commerce, and dashboard platforms.

Strong expertise in **API integration, state management (Redux/Context), and responsive UI development**, with a focus on improving user experience and application performance.

Professional Experience

Frontend Developer, End Point IT Services Pvt Ltd 📄

07/2022 – 03/2026

Mumbai, India

- Engineered scalable and reusable React/Next.js components to improve application maintainability and development speed
- Improved page load performance by **25–30%** using SSR, lazy loading, and optimized asset handling
- Integrated REST APIs for dynamic data rendering across multiple production applications
- Collaborated with cross-functional teams (backend, design) to deliver seamless UI/UX
- Implemented efficient state management using **Redux and Context API**

Technical Skills

- **Frontend:** React.js, Next.js
- **Languages:** JavaScript (ES6+), HTML5
- **Styling:** Tailwind CSS, CSS3, Bootstrap
- **State Management:** Redux, Context API
- **Other:** REST API Integration, Responsive Design

Projects

Cinepolis India Platform 📄

08/2022 – 01/2023

- Built a dynamic movie platform using Next.js with SSR/SSG
- Improved performance by **~30%** using optimized rendering strategies
- Developed reusable UI components to enhance scalability
- Integrated APIs for real-time movie listings and showtimes

Tech: Next.js, JavaScript, HTML, CSS, Bootstrap

Revivify (E-commerce Platform) 📄

02/2023 – 08/2023

- Developed a responsive e-commerce frontend using Next.js + Tailwind CSS
- Translated UI/UX designs into high-performance web pages
- Improved responsiveness and accessibility across devices

- Integrated APIs for product and cart management

Tech: Next.js, Tailwind CSS, JavaScript

Cinepolis Gulf Websites

09/2023 – 12/2023

- Built reusable UI components using React architecture
- Implemented client-side routing and seamless navigation
- Integrated REST APIs for dynamic content rendering
- Managed complex state using Redux/Context API

Tech: React.js, Bootstrap, JavaScript

Peplematters Website

01/2024 – 09/2024

- Developed a content-driven platform using Next.js with SSR/SSG for dynamic content rendering.
- Implemented search and filtering functionality to enhance user experience and content discoverability.
- Integrated REST APIs to fetch and display real-time content efficiently.
- Optimized performance and responsiveness using Tailwind CSS and modern frontend practices.

Tech: Next.js, Tailwind CSS, React, REST APIs

OTT Platforms (Vrott TV & Slasherplay)

10/2024 – 12/2025

- Developed production-grade OTT streaming frontends
- Implemented dynamic routing and media content rendering
- Optimized performance for fast content delivery
- Integrated APIs for real-time video data

Tech: Next.js, Html, Tailwind, JavaScript

Nuvio Events (Admin Dashboard)

01/2026 – 03/2026

- Built scalable admin dashboard with filters, tables, and CRUD operations
- Developed reusable dashboard components for maintainability
- Integrated APIs for event and ticket management

Tech: Next.js, React.js, Tailwind CSS
